LAS VEGAS, April 26, 2018 /PRNewswire/ -- Scientific Games Corporation (NASDAQ: SGMS) ("Scientific Games" or the "Company") today announced its first ever land-based *PRIZM GAMETABLE* installations at Harrah's Atlantic City and Bally's Wild Wild West in New Jersey. These units feature *LIGHTNING LAUNCH* Roulette, a new spin on the classic table game that allows up to four players to become involved in a social and interactive gaming experience. *LIGHTNING LAUNCH* Roulette is the award winning debut title on the new *PRIZM GAMETABLE*.

(PRNewsfoto/Scientific Games Corporation)...

The *PRIZM GAMETABLE*, Scientific Games' latest electronic table system, features a 65 inch, 4k touchscreen display and offers a variety of table and slot games. It also includes USB charging ports at all seat locations, an integrated cup holder/candle combination at each seat location, and accepts nearly all player tracking systems in the market today.

"Harrah's Resort and Bally's Wild Wild West are thrilled to be the first land-based casinos in the world to install the *PRIZM GAMETABLE* product here in Atlantic City," explained Kevin Ortzman, Regional President for Caesars Entertainment. "Caesars has long been committed to offering our guests the latest in gaming innovation, and we are excited to once again be first-to-market with an exciting new product like the *PRIZM GAMETABLE* as we head into our summer season."

LIGHTNING LAUNCH Roulette plays similar to traditional roulette. However, in this interactive version, players are able to launch their own ball at the completion of wagering. Players also have the option to bet on their own roulette ball, as well as placing a \$1 bonus wager on up to all 38 straight numbers to get action on any or all of the four balls in play.

In addition to *LIGHTNING LAUNCH* Roulette, the *PRIZM GAMETABLE* will soon feature *REVOLUTION REELS*™ and *MONOPOLY Evolution*. This revolutionary product and its debut title have already received industry recognition, including the 2016 Gaming & Technology Award for "Best Table Game Product or Innovation" (*PRIZM GAMETABLE*) and a spot in the 2017 Casino Journal Top 20 Most Innovative Gaming Technology Awards (*LIGHTNING LAUNCH* Roulette).

The *PRIZM GAMETABLE* is scheduled to install across North America as 2018 progresses. The secondary titles *REVOLUTION REELS* and *MONOPOLY Evolution* are set to launch in mid to late 2018.

"We are thrilled to announce our first ever land-based installs of the *PRIZM GAMETABLE* in New Jersey. We believe that this product is a game-changer and will help promote the social aspect of casino gaming in the industry," said Derik Moobery, Scientific Games' Group Chief Executive, Gaming.

Forward-Looking Statements

In this press release, Scientific Games makes "forward-looking statements" within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Forward-looking statements can be identified by words such as "will," "may," and "should." These statements are based upon management's current expectations, assumptions and estimates and are not guarantees of timing, future results or performance. Therefore, you should not rely on any of these forward-looking statements as predictions of future events. Actual results may differ materially from those contemplated in these statements due to a variety of risks and uncertainties and other factors, including those factors described in our filings with the SEC, including the Company's current reports on Form 8-K, quarterly reports on Form 10-Q and its latest annual report on Form 10-K filed with the SEC on March 1, 2018 (including under the headings "Forward Looking Statements" and "Risk Factors"). Forward-looking statements speak only as of the date they are made and, except for Scientific Games' ongoing obligations under the U.S. federal securities laws, Scientific Games undertakes no obligation to publicly update any forward-looking statements whether as a result of new information, future events or otherwise.
